

goodbye, my lover, goodbye

intro: Bilo my baby, goodbye, my lover, goodbye.

1e stem: The ship goes sailing down the bay,

allen: goodbye, my lover, goodbye.

We may not meet for many a day,

goodbye, my lover, goodbye.

My heart will ever more be true,

goodbye, my lover, goodbye.

Though now we sadly say adieu,

goodbye, my lover, goodbye.

refrein:

Bilo my baby, bilo my baby,

bilo my baby, goodbye, my lover, goodbye.

2e stem: I'll miss you on the stormy deep,

allen: goodbye, my lover, goodbye.

What can I do but ever weep,

goodbye, my lover, goodbye.

My heart is broken with regret,

goodbye, my lover, goodbye.

But never dream that I'll forget,

goodbye, my lover, goodbye.

refrein + refrein instrumentaal

allen:

Then cheer up till we meet again,

goodbye, my lover, goodbye.

I'll try to bear my weary pain,

goodbye, my lover, goodbye!

Though far I roam across the sea,

goodbye, my lover, goodbye.

My ev'ry thought of you shall be,

goodbye, my lover, goodbye.
